YOUR PRESENTER

Dr Hisham Abdalla is the first multiple wavelength laser instructor in New Zealand. He has over 10 years of advanced laser training on a multitude of laser brands and wavelengths. Hisham is also an author, international speaker and educator in the fields of Lasers, Cosmetic, Cerec, Minimally Invasive and High Tech Dentistry.

Dr Abdalla graduated with merit from Charles University in Prague with a combined medical / dental degree with specific training in Stomatology. He is currently undergoing his Masters in Laser and Light therapy in Dentistry and ENT at the University of Cagliari in Italy where is also an invited Associate Professor.

Dr Abdalla is a founding member, and the past VP, of the New Zealand Institute of Minimal Intervention Dentistry. He is the youngest Diplomat of the World Congress of Minimally Invasive Dentistry (USA), and served on the Directors Board of the organization where he helped promote the philosophy worldwide. Hisham is a member of the World Clinical Laser Institute, an LVI Alumni and a foundation member of the New Zealand Academy of Cosmetic Dentistry. He is also a member of the NZDA and Affiliate Member of the American Dental Association.
